

Press Release – July 2008

Bishop Cornish Church of England School Challenge Day

On Tuesday 1st July, a team of employees from Maitlands Sales and Lettings spent a day together, away from their offices to work on transforming the animal enclosures at Bishop Cornish Church of England School in Saltash. Various building materials were needed for the challenge and were all generously donated by Amber New Homes, a local builder Mr Carl Parry and Travis Perkins, Saltash.

The main tasks of the day for the 8 employees from all three branches of Maitlands Sales and Lettings were to repair the current enclosures and animal houses, pull out gorse bushes, repair fencing, and lay a new path in the enclosure. This has enabled the children at Bishop Cornish Church of England school to fully appreciate the animals in the newly renovated enclosures.

Maitlands would also like to thank the school for providing us with school lunches for the whole team of volunteers.

Zoe Duke, PA to the Managing Director of Maitlands Sales and Lettings said, 'As the market leading estate agent in the town of Saltash, we were delighted to be able to give our time and resources to the Bishop Cornish Church of England School to help the children of Saltash to fully enjoy the animals at the school.'
